

## A. LIST OF MEDICINES FOR HYPERTENSION

| Generic Name   | Dosage Strength     | Dosage Form and Route of Administration |
|--|---------------------|---|
| Aliskiren + Amlodipine                                     | 150 mg + 5 mg       | Film-Coated Tablet                      |
| Aliskiren + Amlodipine                                     | 300 mg + 5 mg       | Film-Coated Tablet                      |
| Amlodipine   | 5 mg                | Tablet                                  |
| Amlodipine   | 2.5 mg              | Tablet                                  |
| Amlodipine   | 5 mg                | Film-Coated Tablet                      |
| Amlodipine   | 10 mg               | Tablet                                  |
| Amlodipine   | 10 mg               | Film-Coated Tablet                      |
| Amlodipine + Hydrochlorothiazide                           | 5 mg/12.5 mg        | Tablet                                  |
| Amlodipine + Hydrochlorothiazide                           | 10 mg/12.5 mg       | Tablet                                  |
| Amlodipine + Valsartan + Hydrochlorothiazide               | 10mg/ 160mg/ 12.5mg | Film-Coated Tablet                      |
| Amlodipine + Valsartan + Hydrochlorothiazide               | 10mg/ 160mg/ 25mg   | Film-Coated Tablet                      |
| Amlodipine + Valsartan + Hydrochlorothiazide               | 10mg/ 320mg/ 25mg   | Film-Coated Tablet                      |
| Amlodipine + Valsartan + Hydrochlorothiazide               | 5mg/ 160mg/ 12.5mg  | Film-Coated Tablet                      |
| Amlodipine + Valsartan + Hydrochlorothiazide               | 5mg/ 160mg/ 25mg    | Film-Coated Tablet                      |
| Amlodipine ( as Besylate ) + Valsartan                     | 10 mg/ 160 mg       | Film-Coated Tablet                      |
| Amlodipine (As Besilate)                                   | 10 mg               | Tablet                                  |
| Amlodipine (As Besilate)                                   | 5 mg                | Tablet                                  |
| Amlodipine (as besilate) + Atorvastatin (as calcium)       | 10mg/ 10mg          | Film-Coated Tablet                      |
| Amlodipine (as Besilate) + Atorvastatin (as Calcium)       | 10mg/20mg           | Film-Coated Tablet                      |
| Amlodipine (as Besilate) + Atorvastatin (as Calcium)       | 5mg/10mg            | Film-Coated Tablet                      |
| Amlodipine (As Besilate) + Losartan Potassium              | 50 mg/50 mg         | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Losartan Potassium              | 5mg/ 50mg           | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Valsartan                       | 10mg/ 160mg         | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Valsartan                       | 5mg/ 160mg          | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Valsartan                       | 5mg/ 80mg           | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Valsartan + Hydrochlorothiazide | 10mg/ 160mg/ 12.5mg | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Valsartan + Hydrochlorothiazide | 10mg/ 160mg/ 25mg   | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Valsartan + Hydrochlorothiazide | 10mg/ 320mg/ 25mg   | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Valsartan + Hydrochlorothiazide | 5mg/ 160mg/ 12.5mg  | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Valsartan + Hydrochlorothiazide | 5mg/ 160mg/ 25mg    | Film-Coated Tablet                      |
| Amlodipine (as Besylate) + Valsartan                       | 5 mg / 80 mg        | Film-Coated Tablet                      |
| Amlodipine( as Besylate ) + Valsartan                      | 5 mg / 160 mg       | Film-Coated Tablet                      |
| Amlodipine Besilate  | 10 mg               | Tablet                                  |
| Amlodipine besilate  | 2.5mg               | Tablet                                  |
| Amlodipine besilate  | 5mg                 | Tablet                                  |

| Generic Name  | Dosage Strength  | Dosage Form and Route of Administration |
|---|------------------|---|
| Atenolol  | 100 mg           | Tablet                                  |
| Atenolol  | 100 mg           | Film-Coated Tablet                      |
| Atenolol  | 50 mg            | Tablet                                  |
| Atenolol  | 50 mg            | Film-Coated Tablet                      |
| Atenolol  | 25 mg            | Tablet                                  |
| Atenolol  | 25 mg            | Film-Coated Tablet                      |
| Atenolol + Chlorthalidone                             | 50 mg + 12.5 mg  | Tablet                                  |
| Atorvastatin + Perindopril (as arginine) + Amlodipine | 10mg/ 5mg/ 5mg   | Film-Coated Tablet                      |
| Atorvastatin + Perindopril (as arginine) + Amlodipine | 20mg/ 10mg/ 10mg | Film-Coated Tablet                      |
| Atorvastatin + Perindopril (as arginine) + Amlodipine | 20mg/ 10mg/ 5mg  | Film-Coated Tablet                      |
| Atorvastatin + Perindopril (as arginine) + Amlodipine | 20mg/ 5mg/ 5mg   | Film-Coated Tablet                      |
| Atorvastatin + Perindopril (as arginine) + Amlodipine | 40mg/ 10mg/ 10mg | Film-Coated Tablet                      |
| Azilsartan  | 40 mg            | Tablet                                  |
| Azilsartan  | 80 mg            | Tablet                                  |
| Azilsartan medoxomil (as potassium) + Chlorthalidone  | 40mg/12.5mg      | Film-Coated tablet                      |
| Azilsartan medoxomil (as potassium) + Chlorthalidone  | 40mg/25mg        | Film-Coated tablet                      |
| Benazepril  | 10 mg            | Film-Coated Tablet                      |
| Betaxolol   | 20 mg            | Film-Coated Tablet                      |
| Bisoprolol  | 2.5 mg           | Film-Coated Tablet                      |
| Bisoprolol  | 10 mg            | Film-Coated Tablet                      |
| Bisoprolol  | 5 mg             | Tablet                                  |
| Bisoprolol  | 5 mg             | Film-Coated Tablet                      |
| Bisoprolol + Amlodipine                               | 5 mg + 5 mg      | Tablet                                  |
| Bisoprolol + Amlodipine                               | 5 mg + 10 mg     | Tablet                                  |
| Bisoprolol + Amlodipine                               | 10 mg + 5 mg     | Tablet                                  |
| Bisoprolol + Amlodipine                               | 10 mg + 10 mg    | Tablet                                  |
| Bisoprolol + Hydrochlorothiazide                      | 2.5 mg + 6.25 mg | Film-Coated Tablet                      |
| Bisoprolol + Hydrochlorothiazide                      | 5 mg + 6.25 mg   | Film-Coated Tablet                      |
| Bisoprolol + Hydrochlorothiazide                      | 10 mg + 6.25 mg  | Film-Coated Tablet                      |
| Bisoprolol Fumarate                                   | 10mg             | Film-Coated Tablet                      |
| Bisoprolol Fumarate                                   | 2.5 mg           | Film Coated Tablet                      |
| Bisoprolol Fumarate                                   | 5 mg             | Film-Coated Tablet                      |
| Bisoprolol fumarate + Hydrochlorothiazide             | 5mg/ 6.25mg      | Film-Coated Tablet                      |
| Blumea balsamifera (L) DC (Sambong leaf)              | 250mg            | Tablet                                  |
| Blumea balsamifera (L) DC (Sambong leaf)              | 500mg            | Tablet                                  |
| Bosentan (as monohydrate)                             | 62.5mg           | Film-Coated Tablet                      |
| Bumetanide  | 1 mg             | Tablet                                  |
| Bumetanide  | 500 mcg/mL       | Solution for Injection (IM/IV)          |

| Generic Name                                | Dosage Strength | Dosage Form and Route of Administration |
|---|-----------------|---|
| Candesartan                                 | 4 mg            | Tablet                                  |
| Candesartan                                 | 8 mg            | Tablet                                  |
| Candesartan                                 | 16 mg           | Tablet                                  |
| Candesartan + Amlodipine                    | 8 mg + 5 mg     | Tablet                                  |
| Candesartan + Hydrochlorothiazide           | 16 mg + 12.5 mg | Tablet                                  |
| Candesartan Cilexetil                       | 8mg             | Tablet                                  |
| Candesartan Cilexetil                       | 16 mg           | Tablet                                  |
| Candesartan Cilexetil + Hydrochlorothiazide | 16mg/ 12.5mg    | Tablet                                  |
| Captopril                                   | 25mg            | Tablet                                  |
| Captopril                                   | 25 mg           | Film-Coated Tablet                      |
| Captopril                                   | 50 mg           | Tablet                                  |
| Carvedilol                                  | 25 mg           | Film-Coated Tablet                      |
| Carvedilol                                  | 25 mg           | Tablet                                  |
| Carvedilol                                  | 6.25 mg         | Film-Coated Tablet                      |
| Carvedilol                                  | 6.25 mg         | Tablet                                  |
| Carvedilol                                  | 3.125 mg        | Film-Coated Tablet                      |
| Carvedilol                                  | 12.5 mg         | Tablet                                  |
| Carvedilol                                  | 12.5 mg         | Film-Coated Tablet                      |
| Carvedilol                                  | 10 mg           | Extended-Release Tablet                 |
| Carvedilol                                  | 20 mg           | Extended-Release Tablet                 |
| Carvedilol                                  | 40 mg           | Extended-Release Tablet                 |
| Carvedilol                                  | 80 mg           | Extended-Release Tablet                 |
| Carvedilol + Ivabradine (as hydrochloride)  | 12.5 mg/ 5 mg   | Film-Coated Tablet                      |
| Carvedilol + Ivabradine (as hydrochloride)  | 12.5 mg/ 7.5 mg | Film-Coated Tablet                      |
| Carvedilol + Ivabradine (as hydrochloride)  | 25 mg/ 5 mg     | Film-Coated Tablet                      |
| Carvedilol + Ivabradine (as hydrochloride)  | 25 mg/7.5 mg    | Film-Coated Tablet                      |
| Carvedilol + Ivabradine (as hydrochloride)  | 6.25 mg/5 mg    | Film-Coated Tablet                      |
| Carvedilol + Ivabradine (as hydrochloride)  | 6.25 mg/7.5 mg  | Film-Coated Tablet                      |
| Cilazapril                                  | 2.5 mg          | Film-Coated tablet                      |
| Clonidine                                   | 75 mcg          | Tablet                                  |
| Clonidine                                   | 150 mcg         | Tablet                                  |
| Clonidine                                   | 150 mcg/mL      | Solution for Injection (IM/IV/SC)       |
| Clonidine hydrochloride                     | 75mcg           | Tablet                                  |
| Diltiazem Hydrochloride                     | 30 mg           | Tablet                                  |
| Diltiazem Hydrochloride                     | 30 mg           | Film-Coated Tablet                      |
| Diltiazem Hydrochloride                     | 30 mg           | Sustained-Release Tablet                |

| Generic Name                         | Dosage Strength       | Dosage Form and Route of Administration |
|--------------------------------------|-----------------------|---|
| Valsartan                            | 160 mg                | Film-Coated Tablet                      |
| Valsartan                            | 160 mg                | Tablet                                  |
| Valsartan                            | 160 mg                | Capsule                                 |
| Valsartan                            | 320 mg                | Tablet                                  |
| Valsartan                            | 320 mg                | Film-Coated Tablet                      |
| Valsartan                            | 80mg                  | Film-Coated Tablet                      |
| Valsartan                            | 80mg                  | Tablet                                  |
| Valsartan                            | 80mg                  | Capsule                                 |
| Valsartan + Amlodipine               | 5 mg + 80 mg          | Film-Coated Tablet                      |
| Valsartan + Amlodipine               | 5 mg + 80 mg          | Tablet                                  |
| Valsartan + Amlodipine               | 5 mg + 160 mg         | Film-Coated Tablet                      |
| Valsartan + Amlodipine               | 5 mg + 160 mg         | Tablet                                  |
| Valsartan + Amlodipine               | 10 mg + 160 mg        | Film-Coated Tablet                      |
| Valsartan + Amlodipine               | 10 mg + 160 mg        | Tablet                                  |
| Valsartan + Amlodipine (as besilate) | 160 mg/ 10 mg         | Film-Coated Tablet                      |
| Valsartan + Amlodipine (as besilate) | 160 mg/ 5mg           | Film-Coated Tablet                      |
| Valsartan + Amlodipine (as besilate) | 250 mg                | Film-Coated Tablet                      |
| Valsartan + Hydrochlorothiazide      | 160 mg/ 12.5 mg       | Film-Coated Tablet                      |
| Valsartan + Hydrochlorothiazide      | 160 mg/ 12.5 mg       | Tablet                                  |
| Valsartan + Hydrochlorothiazide      | 160 mg/25 mg          | Film Coated Tablet                      |
| Valsartan + Hydrochlorothiazide      | 160 mg/25 mg          | Tablet                                  |
| Valsartan + Hydrochlorothiazide      | 320 mg / 25 mg        | Film-Coated Tablet                      |
| Valsartan + Hydrochlorothiazide      | 320 mg / 25 mg        | Tablet                                  |
| Valsartan + Hydrochlorothiazide      | 320 mg / 12.5 mg      | Film-Coated Tablet                      |
| Valsartan + Hydrochlorothiazide      | 320 mg / 12.5 mg      | Tablet                                  |
| Valsartan + Hydrochlorothiazide      | 80 mg/25 mg           | Film-Coated Tablet                      |
| Valsartan + Hydrochlorothiazide      | 80 mg + 12.5 mg       | Film-Coated Tablet                      |
| Valsartan + Hydrochlorothiazide      | 80 mg + 12.5 mg       | Tablet                                  |
| Verapamil                            | 40 mg                 | Film-Coated Tablet                      |
| Verapamil                            | 80 mg                 | Tablet                                  |
| Verapamil                            | 80 mg                 | Film-Coated Tablet                      |
| Verapamil                            | 180 mg                | Tablet                                  |
| Verapamil                            | 180 mg                | Sustained-Release Tablet                |
| Verapamil                            | 240 mg                | Film-Coated Tablet                      |
| Verapamil                            | 240 mg                | Sustained-Release Tablet                |
| Verapamil                            | 2.5 mg/mL (5 mg/2 mL) | Solution for Injection (IV)             |
| Verapamil + Trandolapril             | 180 mg/2 mg           | Film-Coated Tablet                      |
| Verapamil Hydrochloride              | 180mg                 | Sustained-Release Tablet                |
| Verapamil Hydrochloride              | 240mg                 | Sustained-Release Tablet                |
| Zofenopril                           | 7.5 mg                | Film-Coated Tablet                      |
| Zofenopril                           | 30 mg                 | Film-Coated Tablet                      |

| Generic Name       | Dosage Strength | Dosage Form and Route of Administration |
|--------------------|-----------------|---|
| Zofenopril Calcium | 15 mg           | Tablet                                  |

## B. LIST OF MEDICINES FOR CANCER

| Generic Name                                | Dosage Strength         | Dosage Form and Route of Administration                           |
|---|-------------------------|---|
| Abiraterone Acetate                         | 500 mg                  | Film-Coated Tablet  |
| Afatinib (As Dimaleate)                     | 20 mg                   | Film-Coated Tablet  |
| Afatinib (As Dimaleate)                     | 30 mg                   | Film-Coated Tablet  |
| Afatinib (As Dimaleate)                     | 40 mg                   | Film-Coated Tablet  |
| Afatinib (As Dimaleate)                     | 50 mg                   | Film-Coated Tablet  |
| Alectinib                                   | 150 mg                  | Capsule   |
| Anagrelide (As Hydrochloride)               | 500mcg                  | Capsule   |
| Anastrozole                                 | 1 mg                    | Film-Coated Tablet  |
| Anastrozole                                 | 1 mg                    | Tablet  |
| Antithymocyte Immunoglobulin (ATG) (Equine) | 50 mg/ mL (250 mg/5 mL) | Solution for IV Infusion  |
| Arsenic Trioxide                            | 1 mg/mL (10mg/10mL)     | Solution For Injection (IV Infusion)                              |
| Atezolizumab                                | 60 mg/mL                | Concentration For I.V. Solution                                   |
| Azathioprine                                | 50 mg                   | Tablet  |
| Baricitinib                                 | 2 mg                    | Tablets   |
| Baricitinib                                 | 4mg                     | Tablets   |
| Basiliximab                                 | 20 mg                   | Sterile Freeze-Dried Powder For IV Infusion Or Injection          |
| Bendamustine Hydrochloride                  | 100mg                   | Lyophilized Powder for Concentrate for Solution for I.V. Infusion |
| Bevacizumab                                 | 100 mg/4 mL (25 mg/mL)  | Concentrate For Solution For Infusion (IV)                        |
| Bevacizumab                                 | 400 mg/16 mL (25 mg/mL) | Concentrate For Solution For Infusion (IV)                        |
| Bicalutamide                                | 150 mg                  | Tablet  |
| Bicalutamide                                | 150mg                   | Film-Coated Tablet  |
| Bicalutamide                                | 50 mg                   | Film- Coated Tblet  |
| Bicalutamide                                | 50 mg                   | Tablet  |
| Bleomycin (As Sulfate)                      | 15 Units                | Lyophilized Powder For Injection (IV/IM/SC)                       |
| Bleomycin (As Sulfate)                      | 15 Units                | Powder For Injection  |
| Bortezomib                                  | 1 mg                    | Lyophilized Powder for Solution for Injection (I.V.)              |
| Bortezomib                                  | 2mg                     | Lyophilized Powder For Injection                                  |
| Bortezomib                                  | 2mg                     | Powder for Solution for Injection (IV)                            |
| Bortezomib                                  | 3.5 mg                  | Lyophilized Powder For Injection                                  |
| Bortezomib                                  | 3.5 mg                  | Lyophilized Powder for Injection (I.V.)                           |
| Bortezomib                                  | 3.5 mg                  | Lyophilized Powder for Injection (IV/SC)                          |
| Bortezomib                                  | 3.5 mg                  | Lyophilized Powder For Solution For Injection (I.V./S.C.)         |
| Bortezomib                                  | 3.5 mg                  | Powder For Solution For Injection (I.V.)                          |
| Bortezomib                                  | 3.5mg                   | Lyophlized Powder for IV Infusion                                 |
| Bortezomib                                  | 3.5mg                   | Powder For Solution For Injection                                 |
| Bortezomib                                  | 3.5mg                   | Powder for Solution for Injection (IV/SC)                         |

| Generic Name                             | Dosage Strength           | Dosage Form and Route of Administration  |
|--|---------------------------|--|
| Bortezomib                               | 3.5mg                     | Lyophilized Powder for Injection (IM/SC) |
| Bupivacaine Hydrochloride In 8% Dextrose | 5mg/mL                    | Solution For Intrathecal Injection       |
| Busulfan                                 | 6mg/mL                    | Solution for Infusion (IV)               |
| Calcium Folate                           | 10 mg/ mL (50 mg/ 5 mL)   | Solution for Injection                   |
| Capecitabine                             | 150 mg                    | Film-Coated Tablet                       |
| Capecitabine                             | 500 mg                    | Film Coated Tablet                       |
| Carboplatin                              | 150 mg                    | Lyophilized Powder For Inj               |
| Carboplatin                              | 50 mg/5 mL (10 mg/ mL)    | Solution For IV Infusion                 |
| Carboplatin                              | 10 mg/mL                  | Concentrate Solution For IV Infusion     |
| Carboplatin                              | 10 mg/mL                  | Solution for Injection                   |
| Carboplatin                              | 10 mg/mL                  | Solution For Injection (IV)              |
| Carboplatin                              | 10mg/mL                   | Solution for IV Infusion                 |
| Carboplatin                              | 10 mg/mL (450 mg/ 45 mL)  | Solution For IV Infusion                 |
| Carboplatin                              | 10 mg/mL (450 mg/45 mL)   | Solution For Injection (I.V.)            |
| Carboplatin                              | 10 mg/mL (450 mg/45 mL)   | Solution for Injection (IV Infusion)     |
| Carboplatin                              | 10 mg/mL (450 mg/45 mL)   | Solution For Intravenous Infusion        |
| Carboplatin                              | 10 mg/mL (450 mg/45 mL)   | Solution For IV Infusion                 |
| Carboplatin                              | 10 mg/ mL (150 mg/ 15 mL) | Solution For IV Infusion                 |
| Carboplatin                              | 10mg/mL (150mg/ 15mL)     | Solution For Injection                   |
| Carboplatin                              | 10mg/mL (150mg/15mL)      | Solution For Injection (IV)              |
| Carfilzomib                              | 60mg                      | Solution for Injection                   |
| Cetorelix (as acetate)                   | 250 mcg                   | Lyophilized Powder For Injection (IV)    |
| Cetuximab                                | 5 mg/mL                   | Solution for Intravenous Infusion        |
| Chorionic Gonadotrophin                  | 5000 IU                   | Powder for Injection (IM)                |
| Ciclosporin                              | 100 mg                    | Soft Gelatin Capsule                     |
| Ciclosporin                              | 100 mg/mL                 | Oral Solution                            |
| Ciclosporin                              | 1mg/ mL                   | Ophthalmic emulsion                      |

|---|---------------------------------------|---|
| Erlotinib   | 150mg                                 | Film-Coated Tablet                                |
| Erlotinib (as hydrochloride)  | 100mg                                 | Film-Coated Tablet                                |
| Erlotinib (as hydrochloride)  | 150mg                                 | Film-Coated Tablet                                |
| Erlotinib (as hydrochloride)  | 25 mg                                 | Film-Coated Tablet                                |
| Etanercept  | 25mg                                  | Lyophilized Powder for Subcutaneous Injection     |
| Etanercept  | 25mg/0.5mL                            | Solution For Injection (SC)                       |
| Etanercept  | 50mg/mL                               | Solution For Injection (S.C.)                     |
| Etoposide   | 100 mg/5 mL                           | Solution For Injection                            |
| Etoposide   | 100 mg/5 mL                           | Solution For Injection (I.V.)                     |
| Etoposide   | 100mg/5mL (20mg/mL)                   | Solution for Injection IV                         |
| Etoposide   | 20 mg/mL                              | Concentrate For IV Infusion Or Oral Solution      |
| Everolimus  | 250 mcg                               | Tablet  |
| Everolimus  | 500 mcg                               | Tablet  |
| Evolocumab  | 140 mg/mL                             | Pre-filled Syringe for Injection                  |
| Evolocumab  | 140 mg/mL                             | Solution for Injection in Pre-filled Autoinjector |
| Exemestane  | 25 mg                                 | Film-Coated Tablet                                |
| Exemestane  | 25 mg                                 | Tablet  |
| Filgrastim  | 150 mcg/mL                            | Solution for Injection (IV/SC)                    |
| Filgrastim  | 30 MU/0.5 mL                          | Solution for Injection/Infusion                   |
| Filgrastim  | 300 mcg/ mL                           | Solution For Injection (IV/SC)                    |
| Filgrastim  | 300mcg/ 0.9mL                         | Solution for Injection (IV/SC)                    |
| Filgrastim  | 300mcg/mL                             | Solution for Injection                            |
| Filgrastim (Recombinant Granulocyte Colony-Stimulating Factor [Rhu-Gcsf]) | 300 mcg/mL                            | Solution For Injection (SC/IV)                    |
| Filgrastim (Recombinant Human Granulocyte Colony Stimulating Factor)      | 300 mcg/mL                            | Solution For Injection                            |
| Fluorouracil  | 50 mg/mL (500 mg/10 mL and 1 g/20 mL) | Solution For I.V. Infusion                        |
| Fluorouracil  | 50 mg/ mL (500 mg/ 10 mL)             | Solution for Injection                            |
| Fluorouracil  | 50 mg/mL (500 mg/10 mL)               | Solution For Injection (IV/IV Infusion)           |
| Fluorouracil  | 50mg/mL                               | Solution For Injection                            |
| Fluorouracil  | 50mg/mL                               | Solution For Injection (IV Infusion)              |
| Fluorouracil  | 50mg/mL                               | Solution for Injection (IV)                       |
| Follitropin alfa  | 150 IU/ 0.3mL                         | Solution for Injection (SC/IM)                    |
| Follitropin alfa  | 225 IU/ 0.45mL                        | Solution for Injection (SC/IM)                    |
| Follitropin alfa  | 75 IU/ 0.15mL                         | Solution for Injection (SC/IM)                    |
| Follitropin Alfa / Lutropin Alfa  | 350 IU/150 IU (0.48mL)                | Solution For Injection (SC)                       |
| Follitropin Alfa / Lutropin Alfa  | 450 IU/225 IU (0.72 mL)               | Solution For Injection (SC)                       |
| Follitropin Alfa / Lutropin Alfa  | 900 IU/450 IU (1.44 mL)               | Solution For Injection (SC)                       |
| Follitropin Alfa / Lutropin Alfa  | 150 IU/ 75 IU                         | Powder for Solution for Injection (SC)            |

| Generic Name                   | Dosage Strength                 | Dosage Form and Route of Administration              |
|--------------------------------|---------------------------------|--|
| Follitropin Delta              | 12 mcg/0.36 mL<br>(33.3 mcg/mL) | Solution for Injection (SC)                          |
| Follitropin Delta              | 36 mcg/1.08 mL<br>(33.3 mcg/mL) | Solution for Injection (SC)                          |
| Follitropin Delta              | 72 mcg/2.16 mL<br>(33.3 mcg/mL) | Solution for Injection (SC)                          |
| Gefitinib                      | 250mg                           | Film-Coated Tablet                                   |
| Gemcitabine                    | 1g                              | Lyophilized Powder for I.V. Infusion                 |
| Gemcitabine                    | 1g                              | Lyophilized Powder for Injection (IV)                |
| Gemcitabine                    | 200mg                           | Lyophilized Powder for I.V. Infusion                 |
| Gemcitabine (As Hydrochloride) | 1 g                             | Lyophilized Powder For Injection                     |
| Gemcitabine (As Hydrochloride) | 1 g                             | Lyophilized Powder For Injection (I. V. Infusion)    |
| Gemcitabine (As Hydrochloride) | 1 g                             | Lyophilized Powder For Injection (I.V.)              |
| Gemcitabine (As Hydrochloride) | 1 g                             | Lyophilized Powder For IV Infusion                   |
| Gemcitabine (as Hydrochloride) | 1 g                             | Lyophilized Powder for Solution for IV Infusion      |
| Gemcitabine (As Hydrochloride) | 1g                              | Powder For Solution                                  |
| Gemcitabine (As Hydrochloride) | 1 g                             | Powder For Solution For Injection (I.V.)             |
| Gemcitabine (As Hydrochloride) | 200 mg                          | Lyophilized Powder For Injection                     |
| Gemcitabine (As Hydrochloride) | 200 mg                          | Lyophilized Powder For Injection (I. V. Infusion)    |
| Gemcitabine (As Hydrochloride) | 200 mg                          | Powder For Solution For Injection (I.V.)             |
| Gemcitabine (As Hydrochloride) | 200 mg                          | Powder For Solution For IV Infusion                  |
| Gemcitabine (As Hydrochloride) | 200mg                           | Lyophilized Powder for Injection (I.V. Infusion)     |
| Gemcitabine (as hydrochloride) | 200mg                           | Lyophilized Powder for Injection (IV)                |
| Gemcitabine (as Hydrochloride) | 200mg                           | Lyophilized Powder for Solution for IV Infusion      |
| Gemcitabine (As Hydrochloride) | 200mg                           | Powder For Solution                                  |
| Gemcitabine (as Hydrochloride) | 40 mg/ mL                       | Concentrate Solution for Injection for I.V. Infusion |
| Gemcitabine Hydrochloride      | 200mg                           | Lyophilized Powder for Injection (I.V.)              |
| Gemcitabine (As Hydrochloride) | 1 gram                          | Lyophilized Powder for Injection (IV)                |
| Granisetron                    | 1 mg/mL                         | Solution For I.V. Infusion                           |
| Granisetron (hydrochloride)    | 1 mg/mL (3 mg/3mL)              | Solution for I.V. Injection or Infusion              |
| Guselkumab                     | 100 mg                          | Solution For Injection (SC)                          |
| Highly Purified Menotrophin    | 600 IU                          | Powder for Solution for Injection (SC)               |
| Hydroxycarbamide               | 500 mg                          | Capsule  |
| Hydroxyurea                    | 500 mg                          | Capsule  |
| Ibandronic acid                | 3 mg/3 mL                       | Prefilled Syringe (IV)                               |
| Ibrutinib                      | 140mg                           | Capsule  |
| Idarubicin hydrochloride       | 1mg/ mL                         | Concentrate for Solution for IV Infusion             |
| Ifosfamide                     | 1 g                             | Powder For Injection (I.V./I.V. Infusion)            |
| Ifosfamide                     | 2 g                             | Powder For Injection (I.V./I.V. Infusion)            |
| Ifosfamide                     | 40mg/mL                         | Solution For Infusion                                |

| Generic Name                             | Dosage Strength                  | Dosage Form and Route of Administration          |
|--|----------------------------------|--|
| IMatinib (as mesilate)                   | 100 mg                           | Capsule  |
| Imatinib (as mesilate)                   | 400 mg                           | Capsule  |
| Imatinib (As Mesilate)                   | 400 mg                           | Film-Coated Tablet                               |

| Mitomycin C                                 | 10 mg                   | Powder For Injection   |
| Mycophenolate Mofetil                       | 250 mg                  | Capsule  |
| Mycophenolate Mofetil                       | 500 mg                  | Film - Coated Tablet   |
| Mycophenolate Mofetil                       | 500 mg                  | Tablet   |
| Mycophenolic Acid (as Mycophenolate Sodium) | 360mg                   | Gastro-Resistant Tablets (Film-Coated)                             |
| Netupitant/Palonosetron HCl                 | 300mg/500mcg            | Capsule  |
| Nilotinib (As Hydrochloride Monohydrate)    | 200 mg                  | Capsule  |
| Nintedanib (as esilate)                     | 100mg                   | Capsule  |
| Nintedanib (as esilate)                     | 150mg                   | Capsule  |
| Octreotide Acetate                          | 100 mcg/mL              | Solution for Injection (SC/IV)                                     |
| Octreotide acetate                          | 50mcg/ mL               | Solution for Injection (IV/SC)                                     |
| Ondansetron                                 | 2 mg/ mL                | Solution For Intravenous Infusion                                  |
| Ondansetron                                 | 2 mg/mL                 | Solution For Injection   |
| Ondansetron (As Hydrochloride Dihydrate)    | 2 mg / mL (8 mg / 4 mL) | Solution For Injection (I.M./I.V.)                                 |
| Ondansetron (As Hydrochloride Dihydrate)    | 4 mg                    | Film-Coated Tablet   |
| ONDANSETRON (as hydrochloride dihydrate)    | 8 mg                    | Film Coated Tablet   |

| Generic Name                             | Dosage Strength          | Dosage Form and Route of Administration  |
|--|--------------------------|--|
| Ondansetron (As Hydrochloride Dihydrate) | 2 mg/mL                  | Solution For Injection (I.M./I.V.)   |
| Osimertinib (As Mesylate)                | 40 mg                    | Film-Coated Tablet   |
| Osimertinib (As Mesylate)                | 80 mg                    | Film-Coated Tablet   |
| Oxaliplatin                              | 100 mg                   | Lyophilized Powder For Injection   |
| Oxaliplatin                              | 100 mg                   | Lyophilized Powder For Solution For I.V Infusion                                 |
| Oxaliplatin                              | 100mg                    | Lyophilized Powder for Injection (IV Infusion)                                   |
| Oxaliplatin                              | 2 mg/ mL                 | Concentrate Solution for I.V. Infusion   |
| Oxaliplatin                              | 2mg/mL                   | Solution For IV Infusion   |
| Oxaliplatin                              | 2 mg/mL (100 mg/50 mL)   | Solution For Injection (I.V. Infusion)   |
| Oxaliplatin                              | 2 mg/mL (100mg/50mL)     | Solution For IV Injection  |
| Oxaliplatin                              | 2mg/mL (50mg/25mL)       | Solution For Injection (IV Infusion)   |
| Oxaliplatin                              | 2 mg/mL (50 mg/25 mL)    | Sterile Solution For IV Infusion   |
| Oxaliplatin                              | 5mg/ mL (50mg/ 10mL)     | Solution for Injection   |
| Oxaliplatin                              | 5 mg/mL                  | Concentrate For Solution For Infusion (IV)                                       |
| Oxaliplatin                              | 50 mg                    | Lyophilized Powder   |
| Oxaliplatin                              | 50 mg                    | Lyophilized Powder For I.V. Infusion   |
| Oxaliplatin                              | 50 mg                    | Lyophilized Powder For Injection   |
| Paclitaxel                               | 100 mg/17 mL             | Concentrate Solution For I.V. Infusion   |
| Paclitaxel                               | 100mg                    | Concentrate Solution For IV Infusion (formulated as albumin-bound nanoparticles) |
| Paclitaxel                               | 20mg                     | Solution for Nanoparticle Injection for Infusion IV                              |
| Paclitaxel                               | 6mg/ mL                  | Concentrate Solution (IV)  |
| Paclitaxel                               | 6mg/mL                   | Concentrate Sterile Solution For IV Infusion                                     |
| Paclitaxel                               | 6mg/mL                   | Solution for I.V. Infusion   |
| Paclitaxel                               | 6 mg/mL                  | Solution For Injection   |
| Paclitaxel                               | 6mg/ mL                  | Solution for Injection (IV Infusion)   |
| Paclitaxel                               | 6 mg/mL                  | Solution For Injection (IV)  |
| Paclitaxel                               | 6mg/ mL                  | Solution for Intravenous Infusion  |
| Paclitaxel                               | 6mg/mL (30mg/5mL)        | Solution For Injection   |
| Paclitaxel                               | 6mg/mL (30mg/5mL)        | Solution For Injection (IV Infusion)   |
| Paclitaxel                               | 6mg/mL (30mg/5mL)        | Solution For Intravenous Infusion  |
| Paclitaxel                               | 6mg/mL (30mg/5mL)        | Concentrate for Solution for Infusion  |
| Paclitaxel                               | 6mg/mL (30mg/5mL)        | Concentrate For Solution For IV Infusion   |
| Paclitaxel                               | 6mg/mL (30mg/5mL)        | Concentrate for Solution For Injection (IV)                                      |
| Paclitaxel                               | 6 mg/mL (260 mg/43.3 mL) | Solution For Intravenous Infusion  |
| Paclitaxel                               | 6mg/mL (300mg/50mL)      | Concentrate For Solution For IV Infusion   |

| Generic Name                              | Dosage Strength             | Dosage Form and Route of Administration                         |
|---|-----------------------------|---|
| Paclitaxel                                | 6 mg / mL ( 100 mg/16.7 mL) | Solution For Injection (IV Infusion)                            |
| Paclitaxel                                | 6 mg/mL (100 mg/16.7 mL)    | Concentrate Solution for IV Infusion                            |
| Paclitaxel                                | 6 mg/mL (100 mg/16.7 mL)    | Solution For Intravenous Infusion                               |

| Rifampicin/ Isoniazid/ Pyrazinamide/ Ethambutol (For Department of Health Use Only) | 150mg/ 75mg/ 400mg/ 275mg    | Tablet   |
| Streptomycin (as Sulfate)   | 1g                           | Powder for Injection (IM)                      |

## E. LIST OF MEDICINES FOR KIDNEY DISEASES

| Generic Name  | Dosage Strength   | Dosage Form and Route of Administration     |
|---|---|---|
| 20% Mannitol  | Each 100 mL contains 20 q.s.  | Solution For IV Injection                   |
| Alpha Ketoanalogue + Essential Amino Acids  | 67mg, 101mg, 68mg, 86mg, 59mg, 105mg, 53mg, 23mg, 38mg, 30mg, 36mg, 50mg  | Film Coated Tablet                          |
| Alpha Ketoanalogues + Essential Amino Acids   | 105mg, 101mg, 86mg, 68mg, 67mg, 59mg, 53mg, 38mg, 36mg, 30mg, 23mg, 68mg, 101mg   | Film-Coated Tablet                          |
| Amlodipine (As Besilate) + Hydrochlorothiazide  | 10 mg/12.5 mg   | Tablet                                      |
| Amlodipine (As Besilate) + Hydrochlorothiazide  | 5 mg/12.5 mg  | Tablet                                      |
| Atenolol/ Chlorthalidone  | 50mg/12.5mg   | Tablet                                      |
| Bicarbonate Buffered Solution for Haemofiltration   | 34g/ 1.10g/ 0.51g/ 5.49g  | Solution for Haemofiltration                |
| Bisoprolol Fumarate / Hydrochlorothiazide   | 2.5 mg / 6.25 mg  | Film-Coated Tablet                          |
| Bisoprolol Fumarate + Hydrochlorothiazide   | 10mg/ 6.25mg  | Film-Coated Tablet                          |
| Bisoprolol fumarate + Hydrochlorothiazide   | 5mg/ 6.25mg   | Film-Coated Tablet                          |
| Blumea balsamifera (L.) DC (Sambong leaf)   | 250mg   | Tablet                                      |
| Blumea balsamifera (L.) D.C. (Sambong Leaf)   | 500mg   | Tablet                                      |
| Blumea Balsamifera (Sambong Leaf)   | 500mg   | Tablet                                      |
| Candesartan Cilexetil + Hydrochlorothiazide   | 16 mg/12.5 mg   | Tablet                                      |
| Carmona retusa (Vahl.) Masam (Tsaang gubat leaf)  | 250 mg  | Tablet                                      |
| Carmona Retusa (Vahl.) Masam (Tsaang Gubat Leaf)  | 500 mg  | Tablet                                      |
| Cinnamomum burmannii (Nees) DLBS2411  | 250mg   | Caplet                                      |
| Coleus Amboinicus Lour (Oregano Leaf)   | 375 mg  | Capsule                                     |
| Coleus Amboinicus Lour. (Oregano Leaf)  | 125 mg/ 5mL   | Syrup                                       |
| Dextrose Hydrous + Electrolytes   | Each 100 mL contains:<br>Dextrose hydrous 4.25 g Sodium Chloride 538 mg Sodium Lactate 448 mg Calcium Chloride 18.3 mg Magnesium Chloride 5.08 mg   | Solution For Peritoneal Dialysis            |
| Peritoneal Dialysis Solution Low Calcium with 1.5 % Dextrose  | Each 100 mL contains: Dextrose Hydrous 1.5 g Sodium Chloride 538 mg Sodium Lactate 448 mg Calcium Chloride Dihydrate 18.3 mg Magnesium Chloride Hexahydrate 5.08 mg   | Solution for Intraperitoneal Administration |
| DLBS3233 Lagerstroemia Speciosa (L.) Pers. (Banaba Leaf) And Cinnamomum Burmannii (Nees & T. Nees) Blume (Indonesian Cinnamon Bark) | 100 mg  | Capsule                                     |
| Each 100g (approx. 82.64 mL) syrup contains: 34.5g Herbal ethanolic mixture (see reverse)   | Each 100g (approx. 82.64 mL) syrup contains:<br>34.5g Herbal ethanolic mixture from: Sambucus nigra L. (Elder flower) 207 mg Primula veris L. and Primula elatior (L.) Hill (Primula flower with calyx) 207 mg Rumex crispus L. (Common sorrel) | Syrup (Oral Drops)                          |

| Generic Name   | Dosage Strength  | Dosage Form and Route of Administration |
|--|--|---|
|  | herb) 207 mg <i>Verbena officinalis</i> L. ( <i>Verbena</i> herb) 207 mg <i>Gentiana lutea</i> L. ( <i>Gentian root</i> ) 69 mg  |   |
| Each dragée contains: <i>Sambucus nigra</i> L. ( <i>Elder flower</i> ) 36mg; <i>Primula veris</i> L. and <i>Primula elatior</i> (L.) Hill ( <i>Primula flower with calyx</i> ) 36mg; <i>Rumex crispus</i> L. ( <i>Common sorrel herb</i> ) 36mg; <i>Gentiana lutea</i> L. ( <i>Gentian root</i> ) 12mg | Each dragée contains: <i>Sambucus nigra</i> L. ( <i>Elder flower</i> ) 36mg; <i>Primula veris</i> L. and <i>Primula elatior</i> (L.) Hill ( <i>Primula flower with calyx</i> ) 36mg; <i>Rumex crispus</i> L. ( <i>Common sorrel herb</i> ) 36mg; <i>Gentiana lutea</i> L. ( <i>Gentian root</i> ) 12mg | Dragée                                  |
| Enalapril Maleate + Hydrochlorothiazide  | 10 mg/12.5 mg  | Tablet                                  |
| Enalapril Maleate + Hydrochlorothiazide  | 10 mg/25 mg  | Tablet                                  |
| Furosemide   | 10 mg/mL (20 mg/2 mL)  | Solution For Injection (I.M./I.V.)      |
| Furosemide   | 10 mg/mL (20 mg/mL)  | Solution For Injection                  |
| Furosemide   | 10mg/mL  | Solution For Injection (IM/IV)          |
| Furosemide   | 20mg   | Tablet                                  |
| Furosemide   | 20mg/2mL   | Solution for Injection                  |
| Furosemide   | 40 mg  | Tablet                                  |
| Furosemide (as sodium)   | 10 mg/mL (20 mg/2 mL)  | Solution For Injection (IV/IM)          |
| <i>Gentianae Radix</i> ( <i>Gentian Root</i> ), <i>Primulae Flos</i> ( <i>Primrose Flowers With Calyx</i> ), <i>Rumicis Herba</i> ( <i>Common Sorrel Herb</i> ), <i>Sambuci Flos</i> ( <i>Elder Flowers</i> ), <i>Verbenae Herba</i> ( <i>Shop Vervain Wort</i> )                                      | 6mg/18mg/18mg/18mg/18mg  | Dragee                                  |
| <i>Herba Thujae Occidentalis</i> ( <i>White Cedar Leaf</i> ) + <i>Radix Echinaceae</i> ( <i>Cone Flower Root</i> ) + <i>Radix Baptisiae Tinctoriae</i> ( <i>Wild Indigo Root</i> )   | 2mg / 7.5mg / 10mg   | Tablet                                  |
| Hydralazine HCl  | 20 mg/mL   | Solution For Injection (IM/IV)          |
| Hydrochlorothiazide  | 12.5 mg  | Tablet                                  |
| Hydrochlorothiazide  | 12.5 mg  | Film-Coated Tablet                      |
| Hydrochlorothiazide  | 25 mg  | Film-Coated Tablet                      |
| Hydrochlorothiazide  | 25mg   | Tablet                                  |
| Hydrochlorothiazide  | 50 mg  | Tablet                                  |
| Imidapril Hydrochloride + Hydrochlorothiazide  | 10mg/12.5mg  | Tablet                                  |
| Iodine (as Iopamidol)  | 370mg/mL (Equi. To 755.3mg/mL Iopamidol)   | Solution For Injection                  |
| Iohexol  | 350mg/mL   | Solution For Injection                  |
| Irbesartan + Hydrochlorothiazide   | 150 mg/ 12.5 mg  | Tablet                                  |
| Irbesartan + Hydrochlorothiazide   | 150 mg/12.5 mg   | Film-Coated Tablet                      |
| Irbesartan + Hydrochlorothiazide   | 300 mg/12.5 mg   | Film-Coated Tablet                      |

| Generic Name                           | Dosage Strength   | Dosage Form and Route of Administration |
|--|---|---|
| Irbesartan + Hydrochlorothiazide       | 300 mg/25 mg  | Film-Coated Tablet                      |
| Irbesartan+Hydrochlorothiazide         | 300mg/12.5mg  | Tablet                                  |
| Keto Analogues + Essential Amino Acids | Each film-coated tablet contains: Alpha-ketoisoleucine calcium salt- 67mg; Alpha-ketoleucine calcium salt- 101mg; Alpha-ketophenylalanine calcium salt- 68mg; Alpha-ketovaline calcium salt- 86mg; Alpha-hydroxymethionine calcium salt- 59mg; L-lysine acetate- 105mg; L-threonine- 53mg; L-tryptophan- 23mg; L-histidine- 38mg; L-tyrosine- 30mg  | Film-Coated Tablet                      |
| Ketoanalogues + Essential Amino Acids  | 101mg, 86mg, 68mg, 67mg, 59mg, 105mg, 53mg, 38mg, 30mg, 23mg  | Film-Coated Tablet                      |
| Ketoanalogues + Essential Amino Acids  | 600mg   | Film-Coated Tablet                      |
| Ketoanalogues + Essential Amino Acids  | 101mg, 86mg, 68mg, 67mg, 59mg, 59mg, 105mg, 53mg, 38mg, 30mg, 23mg  | Film-Coated Tablet                      |
| Ketoanalogues + Essential Amino Acids  | 101mg/86mg/68mg/67mg/59mg/105mg/53mg/38mg/30mg/23mg   | Film-Coated Tablet                      |
| Ketoanalogues + Essential Amino Acids  | Calcium-3-methyl-2-oxo-valerate (a-Ketoanalogue to Isoleucine, Calcium salt) 67 mg<br>Calcium-4-methyl-2-Oxo-valerate (a-Ketoanalogue to Leucine, Calcium salt) 101 mg<br>Calcium-2-oxo-3-phenyl-propionate (a-Ketoanalogue to Phenylalanine, Calcium salt) 68 mg<br>Calcium-3-methyl-2-oxo-butyrate (a-Ketoanalogue to Valine, Calcium salt) 86 mg<br>Calcium-DL-2-hydroxy-4(methylthio) butyrate (a-Ketoanalogue to Methionine, Calcium salt) 59 mg<br>L-Lysine acetate (equivalent to L-Lysine 75 mg) 105 mg<br>L-Threonine 53 mg<br>L-Tryptophan 23 mg<br>L-Histidine 38 mg<br>L-Tyrosine 30 mg | Film-Coated Tablet                      |
| Ketoanalogues + Essential Amino Acids  | Combination   | Film-Coated Tablet                      |
| Ketoanalogues + Essential Amino Acids  | Each film-coated tablet contains:<br>Calcium-4-methyl-2-oxo-valerate (a-ketoanalogue to leucine, calcium salt)-101mg<br>Calcium-3-methyl-2-oxo-butyrate (a-ketoanalogue to valine, calcium salt)-86mg<br>Calcium-2-oxo-3-phenylpropionate (a-ketoanalogue to phenylalanine, calcium salt)-68mg<br>Calcium-3-mehtyl-2-oxo-valerate (a-ketoanalogue to isoleucine, calcium salt)-67mg<br>Calcium-DL-2-hydroxy-4 (methylthio) butyrate (a-ketoanalogue to methionine, calcium salt)-59mg<br>L-Lysine acetate-105mg<br>L-Threonine-53mg<br>L-Histidine-38mg<br>L-Tyrosine-30mg<br>L-Tryptophan-23mg     | Film-Coated Tablet                      |
| Ketoanalogues + Essential Amino Acids  | Each film-coated tablet contains: Calcium-4-methyl-2-oxo-valerate (a-ketoanalogue to leucine, calcium salt) 101 mg<br>L-Lysine Acetate 105 mg<br>Calcium-3-methyl-2-oxo-butyrate (a-ketoanalogue to valine, calcium salt) 86 mg<br>L-Threonine 53mg<br>Calcium-2-oxo-3-phenylpropionate (a-ketoanalogue to phenylalanine, calcium salt) 68 mg<br>L-Histidine 38 mg  | Film-Coated Tablet                      |

| Torasemide                      | 5mg                    | Prolonged-Release Tablet                       |
| Valsartan                       | 80mg/12.5MG            | Film-Coated Tablet                             |
| Valsartan + Hydrochlorothiazide | 160 mg/25 mg           | Tablet   |
| Valsartan + Hydrochlorothiazide | 160 mg/25 mg           | Film-Coated Tablet                             |
| Valsartan + Hydrochlorothiazide | 160mg/12.5mg           | Film-Coated Tablet                             |
| Valsartan + Hydrochlorothiazide | 320 mg/12.5 mg         | Film-Coated Tablet                             |
| Valsartan + Hydrochlorothiazide | 320 mg/25 mg           | Film-Coated Tablet                             |
| Valsartan + Hydrochlorothiazide | 80 mg/12.5 mg          | Film-Coated Tablet                             |

## F. LIST OF MEDICINES FOR DIABETES

| Generic Name   | Dosage Strength                       | Dosage Form and Route of Administration  |
|--|---------------------------------------|--|
| Acarbose   | 100 mg                                | Tablet   |
| Acarbose   | 25mg                                  | Tablet   |
| Acarbose   | 50 mg                                 | Tablet   |
| Acarbose   | 50 mg                                 | Film-Coated Tablet   |
| Alogliptin (as benzoate)                                   | 6.25 mg, 12.5 mg, 25 mg               | Film-coated tablet   |
| Alogliptin (as benzoate) + Metformin Hydrochloride         | 12.5 mg/1 g                           | Film-Coated Tablet   |
| Alogliptin (as benzoate) + Metformin Hydrochloride         | 12.5mg/ 500mg                         | Film-Coated Tablet   |
| Alogliptin (as benzoate) + Pioglitazone (as hydrochloride) | 12.5mg/ 15mg                          | Film-Coated Tablet   |
| Alogliptin (as benzoate) + Pioglitazone (as hydrochloride) | 12.5mg/ 30mg                          | Film-Coated Tablet   |
| Alogliptin (as benzoate) + Pioglitazone (as hydrochloride) | 25 mg/ 30 mg                          | Film-Coated Tablet   |
| Alogliptin (as benzoate) + Pioglitazone (as hydrochloride) | 25mg/ 15mg                            | Film-Coated Tablet   |
| Insulin Aspart   | 100 Units/mL                          | Solution for Injection (S.C.)  |
| Biphasic Insulin   | 100 IU/mL                             | Suspension for Injection (SC)  |
| Biphasic Insulin Aspart                                    | 100 Units/mL                          | Suspension for Injection (SC)  |
| Biphasic Insulin Aspart 30                                 | 100 IU/mL                             | Suspension for injection (SC)  |
| Biphasic Insulin Aspart 50                                 | 100 Units/mL                          | Suspension for injection (SC)  |
| Biphasic Isophane Human Insulin 30/70 (Recombinant Dna)    | 100 IU/mL                             | Suspension For Injection (IM/SC)   |
| Biphasic Isophane Human Insulin 50/50 (Recombinant Dna)    | 100 IU/mL                             | Suspension For Injection (IM/SC)   |
| Biphasic Isophane Human Insulin 70/30 (rDNA Origin)        | 100 IU/mL (Equivalent to 3.571 mg/mL) | Suspension For Injection (SC)  |
| Biphasic Isophane Human Insulin 70/30 (Recombinant Dna)    | 100 IU/mL                             | Suspension For Injection (IM/SC)   |
| Biphasic Isophane Insulin (Rdna Origin)                    | 100 IU/mL                             | Suspension For Injection (SC)  |
| Biphasic Isophane Insulin Human (Recombinant DNA Origin)   | 100IU/mL                              | Suspension for Injection (SC) (30% Regular Insulin Human/70% Isophane Insulin Human)   |

## G. LIST OF MEDICINES FOR HIGH CHOLESTEROL

| Generic Name  | Dosage Strength | Dosage Form and Route of Administration |
|---|-----------------|---|
| Alirocumab  | 150 mg/mL       | Solution for Injection (SC)             |
| Alirocumab  | 75 mg/mL        | Solution for Injection (SC)             |
| Amlodipine ( As Besilate) + Atorvastatin ( As Calcium)          | 10 mg /10 mg    | Tablet                                  |
| Amlodipine ( As Besilate) + Atorvastatin (As Calcium)           | 40 mg/10 mg     | Film-Coated Tablet                      |
| Amlodipine (As Besilate) + Atorvastatin (As Calcium)            | 10 mg/10 mg     | Film-Coated Tablet                      |
| Amlodipine (As Besilate) + Atorvastatin (As Calcium)            | 10mg/20mg       | Film-Coated Tablet                      |
| Amlodipine (As Besilate) + Atorvastatin (As Calcium)            | 10mg/80mg       | Film-Coated Tablet                      |
| Amlodipine (As Besilate) + Atorvastatin (As Calcium)            | 5 mg/10 mg      | Film-Coated Tablet                      |
| Amlodipine (as besilate) + Atorvastatin (as calcium)            | 5 mg/40 mg      | Film-Coated Tablet                      |
| Amlodipine (As Besilate) + Atorvastatin (As Calcium)            | 5mg/20mg        | Film-Coated Tablet                      |
| Amlodopine (as Besilate)  | 10 mg           | Tablet                                  |
| Aspirin + Rosuvastatin  | 80mg/10mg       | Capsule                                 |
| Aspirin + Rosuvastatin  | 80mg/20mg       | Capsule                                 |
| Atorvastatin  | 5 mg            | Film-Coated Tablet                      |
| Atorvastatin  | 10 mg           | Film-Coated Tablet                      |
| Atorvastatin  | 20mg            | Film-Coated Tablet                      |
| Atorvastatin  | 40 mg           | Film-Coated Tablet                      |
| Atorvastatin  | 80 mg           | Film-Coated Tablet                      |
| Atorvastatin + Fenofibrate                                      | 10 mg/160 mg    | Film-Coated Tablet                      |
| Atorvastatin + Fenofibrate                                      | 20 mg/160 mg    | Film-Coated Tablet                      |
| Atorvastatin Calcium  | 40 mg           | Film-Coated Tablet                      |
| Atorvastatin (as calcium propylene glycol solvate)              | 10 mg           | Film-Coated Tablet                      |
| Atorvastatin (as calcium propylene glycol solvate)              | 20mg            | Film-Coated Tablet                      |
| Atorvastatin (as calcium propylene glycol solvate)              | 40 mg           | Film-Coated Tablet                      |
| Atorvastatin (as calcium propylene glycol solvate)              | 80 mg           | Film-Coated Tablet                      |
| Atorvastatin (as calcium trihydrate)                            | 10mg            | Film-Coated Tablet                      |
| Atorvastatin (as calcium trihydrate)                            | 20mg            | Film-Coated Tablet                      |
| Atorvastatin (as calcium trihydrate)                            | 40 mg           | Film-Coated Tablet                      |
| Atorvastatin (as Calcium Trihydrate)                            | 80 mg           | Film-Coated Tablet                      |
| Atorvastatin (As Calcium Trihydrate) + Amlodipine (As Besilate) | 10 mg/5 mg      | Film-Coated Tablet                      |
| Atorvastatin (As Calcium Trihydrate) + Amlodipine (As Besilate) | 20 mg/10 mg     | Film-Coated Tablet                      |
| Atorvastatin (As Calcium Trihydrate) + Amlodipine (As Besilate) | 20 mg/5 mg      | Film-Coated Tablet                      |
| Atorvastatin (As Calcium)                                       | 5 mg            | Film-Coated Tablet                      |
| Atorvastatin (As Calcium)                                       | 10 mg           | Film-Coated Tablet                      |
| Atorvastatin (as calcium)                                       | 10mg            | Tablet                                  |
| Atorvastatin (As Calcium)                                       | 20 mg           | Film Coated Tablet                      |
| Atorvastatin (as calcium)                                       | 20mg            | Tablet                                  |
| Atorvastatin (As Calcium)                                       | 40 mg           | Film-Coated Tablet                      |
| Atorvastatin (as Calcium)                                       | 40mg            | Tablet                                  |

| Generic Name  | Dosage Strength  | Dosage Form and Route of Administration           |

|   | 500 mg  | Tablet             |  |  |
| Oxacillin (As Sodium Salt)                            | 500 mg Solution                               | Vial               |  |  |
| Penicillin G Benzathine (Benzathine Benzylpenicillin) | 1,200,000 Units Solution                      | Vial               |  |  |
| Penicillin G Crystalline                              | 1 MU Solution                                 | Vial               |  |  |
| Penicillin G Crystalline                              | 5 MU  | Vial               |  |  |
| Piperacillin + Tazobactam (As Sodium)                 | 2 g + 250 mg Solution                         | Vial               |  |  |
|   | 4 g + 500 mg Solution                         | Vial               |  |  |
| Vancomycin (As Hydrochloride)                         | 1 g Powder                                    | Vial               |  |  |
|   | 500 mg Powder                                 | Vial               |  |  |

## I. LIST OF MEDICAL DEVICES DIRECTLY USED FOR COVID-19 TREATMENT

| No | Category   | Product  |
|----|--|--|
| 1  | Personal Protective Equipment (PPE)  | Gloves   |
| 2  | Personal Protective Equipment (PPE)  | Gowns including Aprons   |
| 3  | Personal Protective Equipment (PPE)  | Coveralls  |
| 4  | Personal Protective Equipment (PPE)  | Body Suits   |
| 5  | Personal Protective Equipment (PPE)  | Face Masks including N95 Masks, KN95 Masks, Cloth/Fabric Masks   |
| 6  | Personal Protective Equipment (PPE)  | Goggles  |
| 7  | Personal Protective Equipment (PPE)  | Shoe Cover   |
| 8  | Personal Protective Equipment (PPE)  | Face Shield for Medical Use  |
| 9  | Personal Protective Equipment (PPE)  | Head Cap/Cover   |
| 10 | Personal Protective Equipment (PPE)  | Personal Protective Equipment Set (Coverall, Shoe Cover, Goggles or Faceshield, Facemask, Head Cap)          |
| 11 | Respiratory Devices and its accessories  | Ventilator including Portable Ventilator   |
| 12 | Respiratory Devices and its accessories  | Ventilator Breathing Circuit   |
| 13 | Respiratory Devices and its accessories  | Bacterial Filter for Breathing Circuit   |
| 14 | Respiratory Devices and its accessories  | Tubing and Support Set for Ventilator  |
| 15 | Respiratory Devices and its accessories  | Positive Pressure Breathing Device   |
| 16 | Respiratory Devices and its accessories  | Heated Breathing Circuit   |
| 17 | Respiratory Devices and its accessories  | Attachment, Breathing, Positive End Expiratory pressure  |
| 18 | Respiratory Devices and its accessories  | Resucitator  |
| 19 | Respiratory Devices and its accessories  | Oxygen Concentrator  |
| 20 | Respiratory Devices and its accessories  | Medical Gas Cylinder, for Oxygen   |
| 21 | Respiratory Devices and its accessories  | Oxygen Tanks   |
| 22 | Respiratory Devices and its accessories  | High-Flow Respiratory Device/System  |
| 23 | Respiratory Devices and its accessories  | Nasal Cannula  |
| 24 | Respiratory Devices and its accessories  | Humidifier, Respiratory Gas (Direct Patient Interface)   |
| 25 | Respiratory Devices and its accessories  | Oxygen Mask  |
| 26 | Respiratory Devices and its accessories  | Tracheal Tube  |
| 27 | Respiratory Devices and its accessories  | Airway Monitoring System and Airway Clearing System  |
| 28 | Respiratory Devices and its accessories  | Accessory to Continuous Ventilator (Respirator)  |
| 29 | Respiratory Devices and its accessories  | High Efficiency Particulate Air (HEPA) Filter  |
| 30 | Respiratory Devices and its accessories  | Extracorporeal Membrane Oxygenation (ECMO) Machine   |
| 31 | Respiratory Devices and its accessories  | Nebulizing Kit and Nebulizer   |
| 32 | COVID-19 Diagnostic Test Kits including transport collection, preservation medium/ tube with or without swab | COVID-19 Diagnostic Test Kits including transport collection, preservation medium/ tube with or without swab |
| 33 | Other specific medical devices   | Anchor, preformed  |
| 34 | Other specific medical devices   | Bandage  |
| 35 | Other specific medical devices   | Cannula, Reusable  |
| 36 | Other specific medical devices   | Cap (Disinfection, Seal, Taper, Dead End)  |
| 37 | Other specific medical devices   | Clinical Thermometer (Except mercurial type)   |
| 38 | Other specific medical devices   | Cotton (Medical/hospital Use)  |
| 39 | Other specific medical devices   | Dressing/ Gauze  |
| 40 | Other specific medical devices   | Flowmeter (All types)  |
| 41 | Other specific medical devices   | Gloves   |
| 42 | Other specific medical devices   | Luer Lock  |
| 43 | Other specific medical devices   | Nasopharyngeal Airway  |
| 44 | Other specific medical devices   | Non-contact Infrared Thermometer   |
| 45 | Other specific medical devices   | Syringe  |
| 46 | Other specific medical devices   | Tape   |
| 47 | Other specific medical devices   | Pulse Oximeter including portable and fingertip  |
| 48 | Other specific medical devices   | Tubings  |
