Field Health Service Information System

Annual Report, 2015

FOREWORD

The Department of Health (DOH) presents the 2015 Field Health Service Information System (FHSIS) Annual Report. This vital publication covers the Health Status of Filipinos, Health Service Coverage and statistics on Health Systems as well as on Notifiable Diseases in the Philippines for Year 2015.

The Epidemiology Bureau of the DOH took a great step in ensuring that this important document be published the soonest possible time. With the support of all DOH Regional Directors and their respective offices, we were able to gather and consolidate relevant data for the immediate publication of this report. Special credit is accorded to all the dedicated frontline health workers in barangays and municipalities for their unwavering commitment and efficient work in gathering data in our local communities.

Rest assured that the DOH will keep up the momentum in providing the public the latest status of health indicators through the FHSIS Annual Report for evidence-based decision making and policy development towards our goal of attaining “All for Health towards Health for All”.
