I. INTRODUCTION

The Integrated Notices Publication (INP) Interface is a function that allows the user to access the Opportunities and Award Notices posted in PhilGEPS while still in the Buyer Agency website.

This function allows easier access to the PhilGEPS site by browsing through the agency website they are currently in. Any user will also be able to leaf through other opportunities of other government agencies once they are inside PhilGEPS by clicking on specific links. This also allows for easier information dissemination.

II. INSTALLING THE INP INTERFACE

The application may be used once the user is connected to the internet and is in any participating government agency website. This function is OS independent but is best viewed in IE6.

The administrator of the Agency website just needs to embed a code in their website to include the frame that will show the Opportunities and Awards for that Agency posted in PhilGEPS.

The line of code to be embedded is as follows:

```
<iframe src="http://www.philgeps.net/AgencyAPI/AgencyLinking.aspx?view=geps123&inittab=0"
frameborder="0" scrollina="no" style="width: 100%; height: 100%:"></iframe>
```

Note: Please do not copy the link on this guide.

The default code above displays the PhilGEPS Opportunities and Awards tabs from the PhilGEPS database and will occupy the whole page of the Agency website. To adjust the width and height, the website administrator needs to adjust the width and height values to the desired size.

Upon installation of the INP Interface, PhilGEPS will be assigning an organization key to the Agency. The assigned organization key will be used by the INP Interface to filter the opportunities and awards for the specific Agency.

III. FEATURES OF THE INP INTERFACE

The INP Interface, once embedded into the Agency website, will pull the Opportunities and Awards posted by that Agency from the PhilGEPS database.

The user will initially see the page in the Agency Website with the Opportunity and Award Notices tab. The information viewable in this page is specific to the agency the user is browsing in. There will be a maximum of 20 opportunities per page in the tab which would show all open opportunities of the agency.

The screenshot displays the DPWH website interface. At the top left is the DPWH logo and name. A navigation menu includes links for HOME, ABOUT US, INFRASTRUCTURE, DOING BUSINESS, EMPLOYMENT, DIRECTORY, FEEDBACK, NEWS, and FAQ. A banner image on the right features the slogan "Daan sa Kaunlaran, Tulay sa Kinabukasan".

The main content area is titled "Doing Business" and includes a "Notices" section with tabs for "Opportunities" and "Award Notices". Below these tabs is a search and filter interface with options for Region, Procurement Mode, and Keyword. A table lists 12 opportunities with columns for Publish, Closing, Title, and Associated Component.

	Publish	Closing	Title	Associated Component
1	26/10/2010	09/11/2010 10:00 AM	Advertisement Bulletin for the Repair for the Maintenance of Duma Warehouse, Sasa Pwt, Davao City , Construction Projects ,PHILIPPINE PORTS AUTHORITY - REGION III	Order

At the bottom of the page, there is a footer with copyright information: © 2008 Department of Public Works and Highways, Iloilo City, Iloilo, Negros Occidental. It also includes a trunk line number: (632) 304-3000 and (632) 304-3370.

The Bid Notice Abstract page in PhilGEPS will pop once the title under Opportunity tab is clicked. The abstract will correspond to the chosen title and will show the details of the bid notice.

PhilGEPS will resume its normal behavior once this happens.

Upon choosing to click on “Order” instead of a Title, the pop-up window will show the PhilGEPS login page where the user will enter his user ID and password to access PhilGEPS’ website’s full service.

PhilGEPS will resume its normal behavior once this happens.

In the Award Notices tab, the screen will show the title of the recently awarded notices, the amount it was granted and the award date. There will be a maximum of 20 results per page of the 100 most recent awarded contracts of the agency.

Once the award title is clicked on, the Award Notice Abstract window will pop to show the details of the awarded contract.

PhiGEPs will resume its normal behavior once this happens.

A Keyword Search function is also available for more specific results. The system will look for the keyword in the whole document and will populate the outcome on the page.

The screenshot shows the DPWH Department of Public Works and Highways website. The main content area is titled "Doing Business" and features a "Notices" section with tabs for "Opportunities" and "Award Notices". A search bar is present with the following filters: Region (dropdown), Procurement Mode (dropdown), and Keyword (text input). The search results are displayed in a table with columns for Publish, Closing, Title, and Associated Component. The results are filtered by the keyword "Construction materials".

	Publish	Closing	Title	Associated Component
5	26/10/2010	04/11/2010 09:00 AM	Construction materials for Wide Barrel Box Culvert (Phase 2) Brgy. Tabuan , Construction Materials and Supplies ,CITY OF BAYAWAN, NEGROS ORIENTAL	Order
13	26/10/2010	29/10/2010 08:30 AM	Consultative Forum re. Fireworks and Christmas Lights Monitoring & Enforcement , Catering Services ,DEPARTMENT OF TRADE AND INDUSTRY - CEBU City	Order
16	26/10/2010	04/11/2010 09:00 AM	Construction materials for Drainage along City Street (1st rev.) National Highway (from Pasina Gamo-Ballos St.) , Construction Materials and Supplies ,CITY OF BAYAWAN, NEGROS ORIENTAL	Order
