

Beat COVID-19 Today

A COVID-19 Philippine Situationer

Issue 14 | May 11, 2020

Highlights and Recent Updates on COVID-19

- DOH recorded **8,151 active cases** as of May 10, with the majority of the patients exhibiting **mild symptoms** (7251, 89%).
- Twenty-six (26) laboratories** across the country are now licensed to perform the RT-PCR tests while three (3) and thirty (30) are on Stage 4 and Stage 3, respectively.
- As reported by DFA, there are a total of 2,178 confirmed cases of Overseas Filipinos with the highest count being in Europe at 647 cases.
- A total of 1,991 (19% of all cases) healthcare workers are affected by COVID-19, with 584 recoveries and 34 deaths.
- DOH encourages the public to embrace the New Normal setting in their everyday lives. With this, minimum health standards in food and dining settings are essential to keep everyone healthy and safe. To prevent possible spread of disease, the public should maintain hand hygiene and physical distancing. Masks should be worn at all times, even when talking/ordering.
- Vaccination remains vital to protect everyone against vaccine-preventable diseases especially children ages 0-12 months and those under 5 years old who did not receive their vaccine for selective catch-up. To mitigate the COVID-19 outbreak impact on immunization services and minimize the risk of transmission during vaccination sessions, DOH issued Memorandum No. 2020-0150 or Interim Guidelines for Immunization Services in the Context of COVID-19 Outbreak.

Active Cases Breakdown

Healthcare Workers with confirmed COVID-19 by Date of Onset of Illness (N= 1,991)

Philippines, as of May 10, 2020

Goal: Shortening Duration of Infectiousness

Age and Sex Distribution of confirmed cases

As of May 10, 2020

Most of the confirmed cases are **male** (5,807; 54%) and within the **20-39 age group**. (11 cases with unspecified age included in the total)

Average hospital length of stay for recovered patients is at **15 days**.

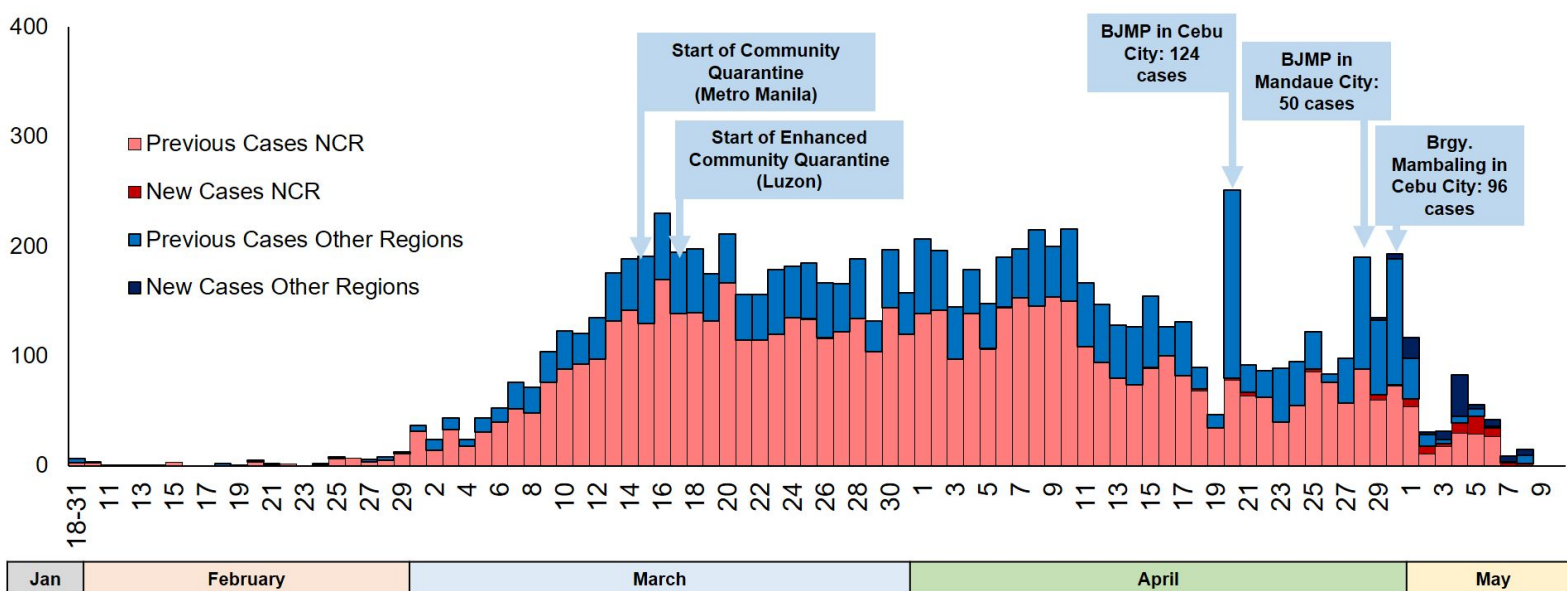

A total of 393 (**55%**) of deaths had known comorbidities: top 2 comorbidities are **hypertension** (243, 62%) and **diabetes** (190, 48%).

Confirmed COVID-19 Cases by Date of Onset of Illness (N = 10,794)

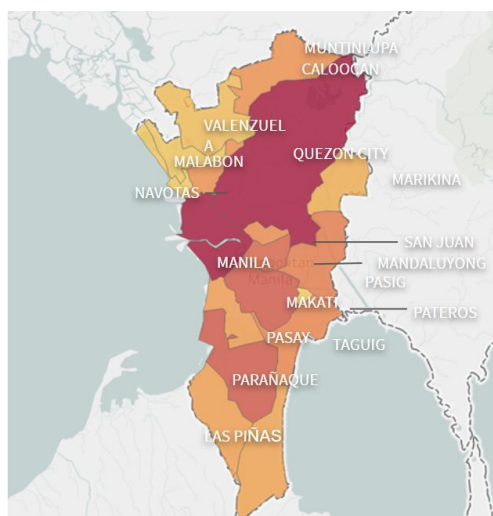

Philippines, as of May 10, 2020

Note: Case counts reported do NOT represent the final number and are subject to change after inclusion of incoming reports and review of cases.

No. of Cases

Date of Onset of Illness

A total of **6993 (65%)** are confirmed cases from NCR. The proportion of cases in NCR **decreased from 71% since January to April 19, 2020 (start of case detection) to 56% for the period of April 20 to May 10, 2020**.

Meanwhile, cases in Region 7 increased in proportion from 2% to 30% for the similar period. On April 20, 2020, 124 (50%) out of the 249 confirmed cases nationwide, were reported from BJMP facility in Cebu City. **Region 7 recorded a total of 1,421 (13%) confirmed cases, the second highest reported in the country.**

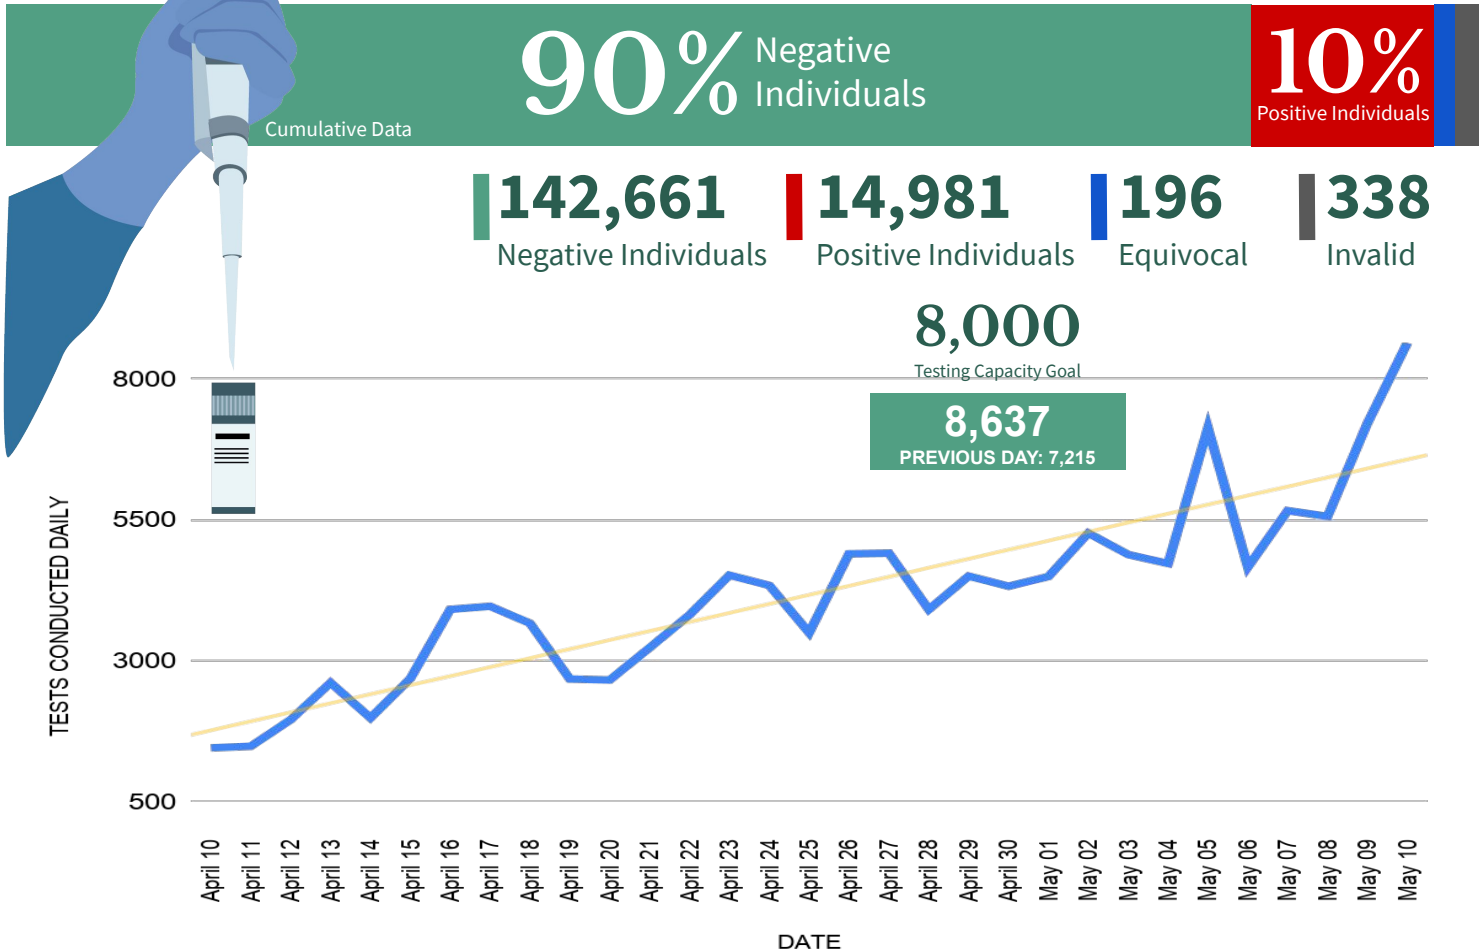

Region 4-A has the third highest cases with a total of 1,259 (12%) confirmed cases of yesterday. Since start of case detection, the proportion of cases in Region 4A decreased from 16% to 6% for the period of April 20 to May 10.

INDIVIDUALS TESTED AS REPORTED BY COVID-19 LABORATORIES

Note: The results of reported laboratory positive individuals are undergoing case information, validation, and processing and may not be reflected on the official case summary of the day.

As of May 10, 2020 with no reports of three laboratories as of 4PM reporting time

As of May 10, 2020

Goal: Increase Resilience, Stop Transmission, Reduce Contact

BEHAVIORAL MESSAGES OF THE DAY

As of May 10, 2020

- As the country ushers into the New Normal era, minimum health standards are essential to keep everyone healthy and safe. In [food and dining settings](#), customers are advised to order healthy meals and to choose water over sweetened drinks. To prevent possible spread of disease, everyone should maintain hand hygiene and physical distancing. Masks should be worn at all times, even when talking/ordering. Visit the [Healthy Pilipinas](#) website for more information.
- The call for blood donors continues during this time of ECQ. Interested blood donors may contact +64 945 155 8165 or send an email to nvbsp.doh@gmail.com.
- In line with the celebration of Mother's Day, families are encouraged to use the time together to maintain and improve everyone's health by exercising and preparing healthy meals together.

MINIMUM HEALTH STANDARDS: FAQs - FOOD AND DINING

Q: Bilang customer, paano ako makatutulong upang mabawasan ang posibleng pagkalat ng COVID-19?

A: Huwag tanggalin ang mask habang umo-order. Lakasan ang boses upang marinig ng kumukuha ng iyong order.

Iwasan ang paghawak sa counter o anumang mga bagay sa loob ng kainan kung hindi kinakailangan.

DONATE BLOOD

Rise with us during this crisis.

Together, we can
SAVE LIVES.

HOW DO YOU MAKE 0.05% DISINFECTANT SOLUTION FOR CLEANING HOUSEHOLD ITEMS?

1. Gather all materials needed: disinfectant container, bleach/chlorine, water, personal protective equipment

2. Wear appropriate personal protective equipment (gloves, goggles, apron and boots) when handling and preparing bleach solutions.

3. When preparing the solution, pour the amount of water required into a plastic container then add the bleach (and not the other way around):

4. If you are using household bleach (5% active chlorine), mix:

- 1 ml bleach + 9 ml water, or
- 100 ml bleach + 900 ml water
- For chlorine powder/granules/tablet (60-70% active chlorine, dissolve: 1 tbsp of chlorine + 20L of water

5. Do not forget to label your disinfectant containers and specify chlorine concentration.

Goal: Enhance quality, consistency, and affordability of care provision

TREATMENT

For case management of COVID-19 patients, healthcare providers are advised to adhere to the existing [PSMID Guidelines](#).

FDA UPDATES LIST OF NOTIFIED HAND SANITIZERS

In the interest of the public health and safety, the Food and Drug Administration (FDA) hereby provides a list of notified hand sanitizers under the Center for Cosmetics Regulation and Research, and a list of registered topical antiseptics and antibacterials under the Center for Drug Regulation and Research. The public is hereby enjoined to be vigilant in the purchase and use of these types of products in light of proliferation of unregistered/unnotified products that are offered for sale in the market especially during this time when a state of calamity has been declared due to COVID-19 threat in the country. Check the latest list [here](#).

PHILHEALTH FOR ALL

As stipulated in PhilHealth Circulars 2020-0009, 0011 and 0012, all Health Care Providers (HCPs) are required to submit the itemized billing statements of patients managed as COVID – 19.¹ These itemized billing statements should reflect all emergency room and hospital charges, including professional and readers' fees that shall be submitted to PhilHealth on a weekly basis, every Friday at 2:00 PM.

For further clarification and other inquiries pertinent to the submission of itemized billing statement of COVID-19 patients, kindly email the Benefits Development and Research Department (BDRD) at benefits.costing2020@gmail.com or you may call Ms. Abigail Estrada at 0966-3404645 during office hours, Mondays-Fridays.

POLICY IN-FOCUS

Amidst the COVID-19 outbreak, vaccination remains vital to protect everyone against vaccine-preventable diseases especially children ages 0-12 months and those under 5 years old who did not receive their vaccine for selective catch-up. Check the FAQs [here](#).
