BEHAVIORAL MESSAGES OF THE DAY

As of June 9, 2020

- As the country ushers into the New Normal era, minimum health standards are essential to keep everyone healthy and safe. People are advised to visit parks and open spaces that are close to your home, traveling long distances may expose you to COVID-19. When in parks and open spaces, everyone is advised to wear face masks at all times, practice hand hygiene and proper coughing manners, and maintain a 1-meter distance from others.
- Everyone is enjoined to stay healthy both physically and mentally. Eating a well-balanced diet, that includes plenty of fruits, vegetables and food rich in protein, is the best way to get the essential nutrients we need for good health and normal immune function. Avoid eating high-sodium and high-sugar food. Avoid smoking, drink lots of water to avoid dehydration, and get an average of seven to eight hours of sleep as recommended.
- Stay healthy when running essential errands to places like grocery stores or market. Wear face masks at all times (reusable cloth masks should be cleaned regularly) and maintain a distance of at least 1 meter to others. Washing your hands with soap and water or using alcohol-based sanitizers before and after going to the groceries or market, is also a must.

Kung walang sabon at tubig, gumamit ng alcohol-based sanitizers na may 70% alcohol.

Ang New Normal ay mga aksyon o kaugalian na nakasentro sa pinaigting na pagpapahalaga sa kalusugan. Sa Naw Normal prayoridad

POLICY IN-FOCUS

The Department of Health has issued Department Memorandum No. 2020-0150² "Interim Guidelines for Immunization Services in the Context of COVID 19 Outbreak" while health service delivery is focused towards COVID 19 support, continued immunization services, which is an essential health service, should be made available to avoid vaccine preventable diseases (VPD) outbreaks with loss of lives and further overwhelm the healthcare system. As resources are moved to COVID 19 response, concerns about leaving individuals inadequately protected against VPDs need to be addressed.
