HEALTH SECTOR SCORECARD STATUS***

IMPACT INDICATORS		Unit	Target	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter	Annual / Total
BETTER HEALTH OUTCOME								
1	Average Life Expectancy							
2	Maternal Mortality Ratio	Per 100,000 live births	100					
3	Infant Mortality Rate	Per 1,000 live births	17					
4	Premature mortality attributed to cardiovascular diseases, cancer, diabetes mellitus, chronic respiratory diseases	Per 100,000 live births	175					
5	Tuberculosis Incidence	Per 100,000 live births	PDP: 258 ; DOH: 517					
6	Prevalence of stunting among under-five children	Percent	26.70%					
RESPONSIVE HEALTH SYSTEM								
7	Client satisfaction rating							
8	Provider responsiveness score							
EQUITABLE HEALTH CARE FINANCING								
9	Out-of-pocket health spending as percentage of total health expenditure	Percent						
10	Percent of the population who have spent more than 10% of their household income on health	Percent						
FINANCING PILLAR INDICATORS								
11	Domestic general government health expenditure as: A. Percent of GDP	Percent	1.95%					
12	B. Per capita	Percent	Php 3,868 per person					
13	Social health insurance as percent of Total Health Expenditure	Percent	19.00%					
14	Government financing (national & local) as percent of Total Health Expenditure	Percent						
15	Percent of NBB-eligible patients with zero co-payment							
16	Expenditure for public health packages as % of national government financing							
17	Expenditure for human resource for health as percent of national government financing							
18	Expenditure for health infrastructure as percent of national government financing							
SERVICE DELIVERY PILLAR INDICATORS								
FAMILY HEALTH								
19	Modern contraceptive prevalence rate	Percent	27.00%	21.754%	22.380%	22.377%		22.377%
20	Adolescent birth rate	Percent						0
21	Proportion of Fully Immunized Children	Percent	95.00%	16.671%	25.247%	10.761%		52.679%
22	Incidence of low birth weight among newborns	Percent	17.900%	3.663%	2.769%	6.432%		12.864%
NON-COMMUNICABLE DISEASES								
23	Road traffic deaths per 100,000 population							
24	Prevalence of raised blood pressure							
25	Prevalence of current tobacco use							
26	Treatment program completion rate for people who abuse drugs		100.58% 1,391 drug dependents who completed the primary treatment program / 1,383 drug dependents enrolled in the primary treatment program	84.01% 1,361 drug dependents who completed the primary treatment program / 1,620 drug dependents enrolled in the primary treatment program	84.01% 1,361 drug dependents who completed the primary treatment program / 1,620 drug dependents enrolled in the primary treatment program	55.09% 357 drug dependents who completed the primary treatment program / 648 drug dependents enrolled in the primary treatment program	83.43% 3,931 drug dependents who completed the primary treatment program / 4,712 drug dependents enrolled in the primary treatment program from January-November. *Initial data collected from 14 out of 14 DOH DATRCs from January to November 2019 only.

HEALTH SECTOR SCORECARD STATUS***

IMPACT INDICATORS		Unit	Target	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter	Annual / Total
COMMUNICABLE DISEASES								
27	Tuberculosis treatment coverage rate							
28	Percent of Antiretroviral therapy (ART) coverage							
29	Percent of provinces that are Malaria free		<p>9 additional provinces (cumulative 59 provinces)</p> <p>59 malaria-free provinces / 81 malaria-endemic provinces x 100</p> <p>72.84% Malaria-Free Philippines</p>	Requested for the submission of all requirements from the 9 targetted provinces to be assessed first by the concerned Regional health Offices	Validated the following provinces: 1. Agusan del Norte, 2. Antique, and 3. Zamboanga Sibugay; Result for endorsement to TWG	Validated the following provinces: 1. Negros Oriental, and 2. Zamboanga del Norte; Result for endorsement to TWG	<p>Malaria Free Provinces declared (10):</p> <p>1. Tarlac, 2. Antique, 3. Davao del Sur, 4. Zamboanga Sibugay, 5. Zamboanga del Norte, 6. Laguna, 7. Quezon, 8. Saranggani, 9. Agusan del Norte, 10. Negros Oriental</p>	"74.07% Malaria Free Philippines 60 Malaria Free Provinces / 81 Malaria Endemic Provinces"
30	Percent of provinces that are Filariasis-free		<p>2 additional provinces (cumulative 42 provinces)</p> <p>42 filaria-free provinces / 46 filaria-endemic provinces x 100</p> <p>91.3% Filaria - Free Philippines</p>	Gathered all MDA & Midterm Survey Reports of 3 candidate provinces for Evaluation (Pre-Transmission Assessment Survey)	Provinces for Transmission Assessment Survey 1. Antique, 2. Lanao del Norte, and 3. Surigao del Norte	Validation for Transmission Assessment Survey: 1. Antique, 2. Lanao del Norte, and 3. Surigao del Norte	Passed the Transmission Assessment Survey: 1. Antique, 2. Lanao del Norte, and 3. Surigao del Norte	"93.48% Filariasis Free Philippines 43 Filariasis Free Provinces / 46 Filariasis Endemic Provinces"
ENVIRONMENTAL HEALTH								
31	Proportion of households using safely managed drinking-water services							
32	Proportion of households using safely managed sanitation services							
HEALTH EMERGENCIES								
33	Percent of disaster affected area with no reported outbreaks							
HEALTH FACILITIES								
34	Percent of provinces with adequate Hospital bed to population ratio							
35	Percent of provinces with adequate RHU/Health Center to population ratio							
36	Percent of provinces with adequate BHS to population ratio							
HUMAN RESOURCE								
37	Percent of provinces with adequate physician to population ratio							
38	Percent of provinces with adequate nurse to population ratio							
39	Percent of provinces with adequate midwife to population ratio							
40	Percent of provinces/ HUCs/ ICCs with Service Delivery Networks (SDN) established							
41	Percent of households with primary care provider (within an SDN) (disaggregated by region, province, cities and GIDA/non-GIDA)							
REGULATION PILLAR INDICATORS								
42	Percent of applications for permits, licenses or accreditation processed within the citizen charter timeline							
43	Percent of newly registered pharmaceutical products with post-marketing surveillance							
44	Percent of provinces and points of entry/exit with Epidemiologic Surveillance Unit that can detect and respond to Public Health Emergencies of International and National Concern							
45	Hospital Acquired Infection Rate							
46	Median consumer price ratio of selected essential medicine							
47	Percent of targeted health facilities, establishment, services and products continuously compliant to licensing standards
