

CALL FOR PROPOSALS

2025 Advancing Health through Evidence Assisted-Decisions with Health Policy and Systems Research (AHEAD with HPSR) Call for Proposals

The Department of Health is issuing this Call for Proposals for the 2025 Advancing Health through Evidence Assisted-Decisions with Health Policy and Systems Research (AHEAD with HPSR) program priorities in support of Universal Health Care in the Philippines and in the alignment of the Department's health plans, policies, investments, and monitoring mechanisms with the National Objectives for Health (NOH) as well as the 8 Point Action Agenda of the DOH.

We encourage proponents to account for the overall policy direction of the Department in the design of their research proposals. Specifically, we still encourage to consider the 2023-2028 Medium Term Research Agenda (*MTRA 2023-2028*) and the Department's 8 Point Action Agenda (**AO No. 2023-0015: Adoption of the 8-Point Action Agenda as the Medium Term Strategy of the Health Sector for 2023-2028**). Further, as the topics identified are generally broad, we encourage potential researchers to initiate discussions with end-users within the Department to ensure alignment of needs and priorities.

Interested parties are to submit the requirements through email at healthresearch@doh.gov.ph.

Research priorities

Research priorities included in this call are available at bit.ly/2025priorities

Requirements

- Capsule Proposal of selected priority topic(s) (max of 3 pages, with template bit.ly/2025CFPtemplate) ;
- Letter of Expression of Interest addressed to the Director of the Health Policy Development and Planning Bureau (see details below):

LESTER M. TAN, MD, MPH, MSC
OIC-Director IV
Health Policy Development and Planning Bureau
Department of Health

- Work plan Schedule (Gantt Chart of Activities);
- Curriculum Vitae of lead proponent (Principal Investigator/Project Leader);
- Profile of the institution includes information to justify engagement through negotiated procurement; and,
- Endorsement of agency head.

Deadline

31 January 2025

Accepted applicants will be contacted by the HPDPB-Health Research Division for next steps.

CALL FOR EXPRESSION OF INTEREST

2025 Advancing Health through Evidence Assisted-Decisions with Health Policy and Systems Research (AHEAD with HPSR) Call for Expressions of Interest

The Department of Health is issuing this Call for Expression of Interest for the 2025 Advancing Health through Evidence Assisted-Decisions with Health Policy and Systems Research (AHEAD with HPSR) program priorities in support of Universal Health Care and its Implementing Rules and Regulations (IRR) in the Philippines, research priorities that emanated from various DOH consultations with end-user offices (e.g., priority areas/topics for inclusion in DOH's Medium Term Research Agenda for CY 2023-2028, National Objectives for Health (NOH) and the 8-Point Action Agenda of the Department) and other priorities from attached agencies without research funding.

Interested individuals preferably with institutional affiliations that are DOST-certified are welcome to apply. All projects posted here are for implementation within the period of CY 2025. Submission of proposals unrelated to the identified topics in this Call will not be entertained.

Interested parties are to submit the requirements through email at healthresearch@doh.gov.ph.
